

Evolution™ Control

Programmable Home Comfort System Control

EVOLUTION™
SYSTEM

Bryant Puts Unprecedented

A Tradition of Higher Standards

For more than a century, Bryant® has delivered on the promise of providing superior quality, reliability, value and comfort to a nation of satisfied homeowners. Our company-wide dedication to doing whatever it takes to earn your trust has motivated us to continuously develop products that advance the capabilities of home comfort systems. And, that's why we're excited to offer the Evolution™ Control.

The Bryant Evolution Control is the industry's most complete comfort system interface. It offers an unparalleled range of comfort control from one convenient and easy-to-use wall-mounted source. Installed by your trusted local Bryant dealer and backed by the best name in the business, this product helps deliver the comprehensive whole-home control you and your family deserve.

Revolutionary Comfort and Savings

On its own, the Evolution™ Control is a remarkable upgrade from the ordinary thermostat. In concert with Bryant variable-speed equipment and any Bryant central air conditioner or heat pump, this special interface becomes the focal point of a Bryant Evolution® System.

The Evolution Control allows you to take charge of your home's temperature, humidity, dehumidification, ventilation and indoor air quality from one centrally located user interface. At the same time, you'll be amazed at how truly easy it is to use. Designed with the largest backlit temperature display in the industry, simple push-button controls and intuitive programming with on-screen instructional prompts, Bryant re-defines the term, "user-friendly."

The Evolution Control not only controls your comfort, it controls your efficiency, too. Full, seven-day-a-week programmability lets you set temperature and humidity levels for the best combination of comfort when you're home, and extra-high efficiency when you're away.

For additional efficiency, TrueSense™ dirty filter detection lets you know right away when it's time to change your media filter, and the accessory status indicator lets you track maintenance needs of other accessories such as a humidifier, UV lights or a ventilator.

and Comfort at Your Fingertips

Warranty

To the original owner, the Bryant Evolution™ Control is covered by a 10-year parts limited warranty.* Ask your Bryant dealer about optional warranties, which include labor.

*Warranty period is 5 years if not registered within 90 days. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year parts limited warranty. See warranty certificate at bryant.com for complete details.

Performance

The Ultimate Efficiency Control

- Large, backlit, easy-to-read display.
- Intuitive, on-screen prompts help walk you through setup and programming.
- Programmable fan with four speed settings for customized fan control.
- Accessory reminders take the guesswork out of replacing filters, humidifier pads and UV lamps.
- One-button access to comfort settings appropriate for vacations or other periods of inactivity in your home.

POP-UP REMINDERS

On-screen reminders let you know when it's time to change an air filter as well as when it's time for routine maintenance.

DAY-AT-A-GLANCE PROGRAMMING

Set your comfort schedule for an entire week. The large backlit LCD is easy to read and provides convenient on-screen directions to help you through the process.

Pre-select temperature and humidity settings for times when you are away through the Vacation function.

Indoor Comfort You Can Rely On

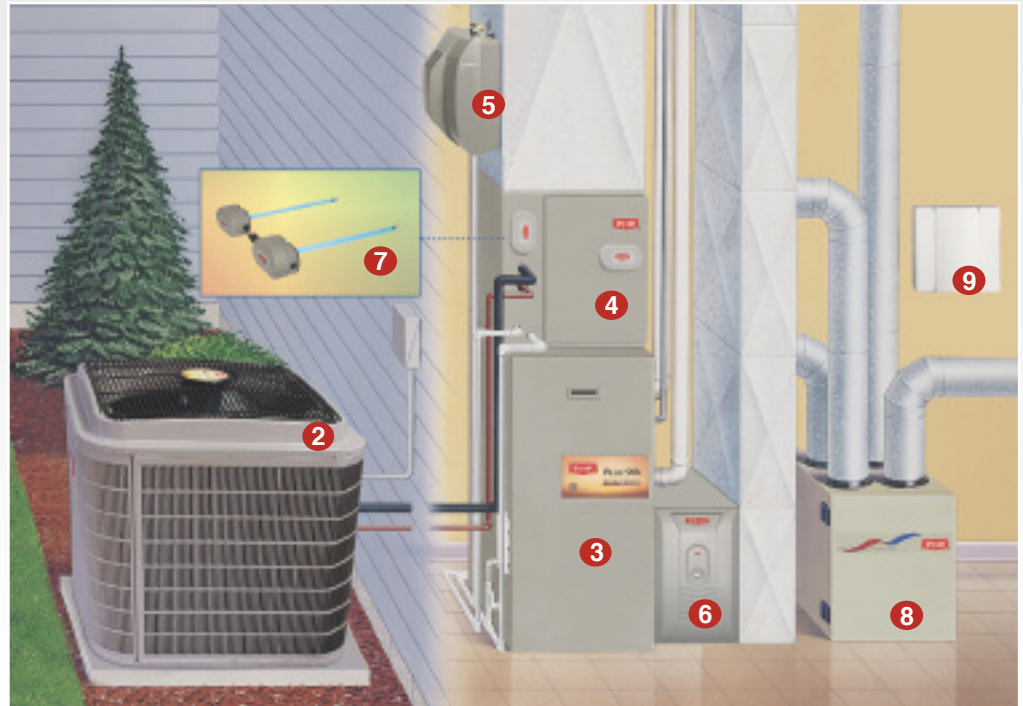

Bryant is at the forefront of a comfort revolution with its exclusive Evolution® System. Starting with the sleek, sophisticated Evolution™ Control, this system puts more power and ease-of-use at your fingertips than any other comfort control.

Simple, intuitive and powerful, the Evolution System truly sets a new standard for excellence in home comfort.

1

- 1 PRECISION COMFORT CONTROL**
Our Evolution Control allows for precise temperature and humidity control.
- 2 ENVIRONMENTALLY SOUND COOLING**
Bryant offers a comprehensive family of 13-20 SEER air conditioners and the environmentally sound Puron® refrigerant.
- 3 FURNACE**
Provides reliable, high efficiency heating for long-lasting comfort and energy savings.
- 4 EVAPORATOR COIL**
Allows the refrigerant to absorb heat from the air as it passes over the coil surface. The evaporator coil is also referred to as the indoor coil.
- 5 HUMIDIFIER**
Replenishes moisture to dry air.
- 6 AIR PURIFIER**
Improves air quality by removing harmful and irritating airborne pollutants from your home.
- 7 ULTRAVIOLET GERMICIDAL LAMP**
Helps prevent growth and buildup of contaminants on your indoor coil to maximize efficiency.
- 8 FRESH AIR VENTILATOR**
Combines fresh outdoor air with conditioned indoor air for improved air quality and maximum efficiency.
- 9 ZONING**
Sets different temperatures for up to eight different areas of your home for truly customized comfort and enhanced utility savings.
